

## Important! Register For Your FirstClass Online Account Now

FirstClass Online (FCOL) is Open Text's own FirstClass corporate online system. Maintaining an account on FCOL is strongly recommended, as you will be able to:

- **Learn** about FirstClass product direction
- **Download** new versions of FirstClass products
- **Collaborate** with other FirstClass Administrators
- **Take advantage** your FirstClass Maintenance and Support programs

On FCOL you will find the newest software updates as soon as they are available, product documentation, and information on new products. These conferences are exclusively for registered FirstClass customers. The FirstClass News conference will keep you informed and up-to-date about our product releases and services. There are also a series of FirstClass implementation and usage discussions in the Product Discussions area of FCOL. Our online community provides FirstClass Administrators with the opportunity to share tips and tricks, and influence product direction.

### And it's easy to get started!

Go to <http://www.firstclass.com/clientdownloads/> to download the FirstClass client.

1. Run the FirstClass Installer and then connect to our FirstClass server by entering "fc.firstclass.com" into the Address field of the FirstClass Client Login screen.
2. Leave your User ID and Password blank, and click Login.
3. Now, fill in the online Registration form and click Register.

You now have a basic FirstClass account on FirstClass Online.

From an Internet mail account, send a message to [registrations@firstclass.com](mailto:registrations@firstclass.com) informing us that you have created a FirstClass account. Please quote your Server Serial Number so that we can ensure that you are granted access to all of the exciting and innovative areas of FirstClass Online.

Once registered, your account will be upgraded and you will be able to communicate with our sales and technical support departments through special forums. You may also browse technical notes, participate in innovative product discussions, or read any number of documents, white papers, and descriptions of our product and its various options.

FirstClass Online is your best way to find out more information, communicate with the FirstClass Division, and stay updated on the latest versions of FirstClass.

Thank you for choosing FirstClass!
